

2011 Federal Tax Credit Program

Proof of Qualified Energy Property for Claiming Tax Credits for Residential Heating & Cooling Equipment

The U.S. Internal Revenue Service (IRS) is now providing Consumers with a tax credit on high-efficiency heating and cooling equipment. Haier certifies that the following models, if placed in service after December 31, 2010 and before January 1, 2012, in a homeowner's primary residence, meet the criteria of "Qualified Energy Property" as set forth by Section 25C of the Internal Revenue Code.

IMPORTANT NOTICE

Before filing for a tax credit on one of the following-listed models, Haier HVAC recommends that Consumers consult with a tax professional to review Federal Tax, Relief, Unemployment Insurance Reauthorization and Job Creation Act of 2010.
